

## ACCEPT PROPOSAL OF GEN. CARRANZA

### U. S. Prepares to Submit Border Questions to A Commission

## WOULD ENLARGE POWERS

### Officials Do Not Believe Com- mission Can Begin Sessions for Two Weeks at Least

## WANT MEETING IN THE U. S.

WASHINGTON, July 28.—General Carranza was informed tonight in a note handed to his ambassador here that the Washington government is prepared to submit to a joint international commission the task of seeking a solution of border problems. The proposal of the de facto government for a commission is accepted however, with the suggestion that the powers of the commission be enlarged beyond the limits proposed in the Mexican note of July 12th.

**Text of Polk's Note.**  
Following is the text of Acting Secretary Polk's note as delivered to Eliseo Arredondo, Mexican ambassador designate:

"Mr. Secretary: I have the honor to acknowledge the receipt of your excellency's note transmitted under date of July 12th, by Lie Eliseo Arredondo informing me that your excellency has received instructions to propose that each of our governments name three commissioners who shall hold conferences at some place to be mutually agreed upon and decide forthwith the question relating to the evacuation of the American forces now in Mexico and to draw up and conclude a protocol or agreement regarding the reciprocal crossing of the frontier by the forces of both countries, also to determine the origin of the incursions to date in order to fix the responsibility therefor, and definitely to settle the difficulties now pending or those which may arise between the two countries on account of the same or a similar reason; all of which shall be subject to the approval of both governments. In reply I have the honor to state that I have laid your excellency's note before the president and have received his instructions to inform your excellency that the government of the United States is disposed to accept the proposal of the Mexican government.

"This government believes and suggests however, that the powers of the proposed commission should be enlarged so that, if a solution satisfactory to both governments of the question set forth in your excellency's communication may be reached, the commission may also consider such other matters, the friendly arrangement of which would tend to improve the relations of the two countries, it being understood that such recommendations as the commission may make shall not be binding upon the respective governments until formally accepted by them.

"Should this proposal be accepted by your excellency's government I have the honor to state that this government will proceed immediately to appoint its commissioners and fix, after consultation with your excellency's government, the time and place and other details of the proposed conferences.

"Accept Mr. Secretary, the assurances of my highest consideration.

"Frank L. Polk

"Acting Secretary of State."

**Has Score Under Consideration.**

President Wilson is understood to have at least a score of men under consideration for appointment as commissioners. Among them are Chief Justice White, Major General Goethals, former Governor of the Canal Zone; Frederick Lehman, former solicitor general and Louis D. Brandeis, associate justice of the supreme court.

Unofficial information from Mexico City has been to the effect that Luis Cabrera, Mexican minister of finance, would head the Mexican membership of the commission.

General Carranza's reply is not expected for several days and officials here do not believe the commission can begin sessions for two weeks at least. The state department will insist that the meeting place be within the United States.

The proposal to widen the scope of subjects to be discussed by the commission is viewed in administration circles as an extremely important aspect of the situation. It is thus an exchange of ideas on the whole Mexican problem that it is hoped a way may be found to furnish constructive aid to the de facto government in the financial and economic problems with which it is surrounded.

Mr. Arredondo issued today a summary of his advice from Mexico City saying that 10,000 Carranza troops were closing in upon Villa and his followers in southern Chihuahua, and that destruction of the bandits' command was certain. It

## TORRID WAVE HANGING OVER MIDDLE WEST SPREADS NORTH

Sends Mercury to 102 Degrees at Marquette, Mich., and Green Bay, Wis.—Relief in Sight for Illinois by Monday.

**BULLETIN**  
Chicago, July 28.—At one o'clock Saturday morning seventy deaths due directly or indirectly to excessive heat were reported by the coroner's office and the police. This made a total of eighty-six deaths in forty hours.

Chicago, July 28.—The torrid wave which has been hanging over the middle west for nearly a month today spread northward and sent the mercury to 102 degrees at Marquette, Michigan, and Green Bay, Wis. The torridity continued with insignificant abatement in all central states but tonight Forecaster Mitchell in charge of the local weather bureau discovered signs of relief in the Canadian northwest.

This "slightly cooler"—which itself will be rather hot—should reach the Dakotas and Western Nebraska tomorrow, the rest of Nebraska, Minnesota, Western Iowa and Wisconsin Sunday and Missouri, Illinois and Kansas late Sunday night or Monday, the forecaster said.

Showers in Montana and Wyoming tonight gave the first indication of the air disturbance upon which the middlewest's hopes for relief rest.

The temperatures at Green Bay today was the highest ever recorded there. Other points at which the federal weather bureau thermometer registered 102 degrees today were: Pierre, S. D., Keokuk and Davenport, Iowa and Peoria and Springfield, Ill.

In Chicago the maximum today was 97 and with the "continued fair and warm" prediction for tomorrow Mr. Mitchell promised a maximum "between 95 and 100."

Excessive heat is said to have caused the death of fifty six persons in Chicago during the last twenty four hours, according to reports made to the police and coroner tonight. Forty of these deaths were reported between last night and 4 o'clock this afternoon. Sixteen were reported late last night. Scores of other persons were prostrated by the heat today. A maximum of 91 degrees was recorded at the government weather bureau this afternoon but street thermometers registered 100.

**Second Hottest Day of Year.**  
Burlington, Iowa, July 28.—Today was the second hottest day of the year here, the mercury climbing to 102, according to official records. There were no prostrations.

**Hottest Since 1901.**  
Danville, Ill., July 28.—Today was the hottest day since the government official observatory was established in Danville in 1901. His thermometer registered 106 at 2 p. m., when slight thunderstorms in the vicinity of the city rendered some relief.

**Three Prostrations at Decatur.**  
Decatur, Ill., July 28.—Richard Harpstrite, owner of the threshing machine outfit, whose engineer, Herman Mangusson died Thursday of heat prostration, was overcome today but will recover. Two other prostrations were reported here. Highest temperature today was 104, a record reached only three times since 1901.

**Quincy Reports 104.**  
Quincy, Ill., July 28.—The maximum temperature here today was 104.

**108 Degrees at Bloomington.**  
Bloomington, Ill., July 28.—The government observatory reported a maximum temperature here today of 108 degrees, which has not been reached since 1901.

## LLOYD-GEORGE DOES NOT DESPAIR ABOUT SOLUTION OF IRISH PROBLEM

LONDON, July 28.—"I don't despair about solution of the Irish problem in spite of the recent failure to reach an agreement between the Nationalists and the Unionists," said David Lloyd-George today.

He was replying to a request from the Associated Press for his views on the breakdown of the negotiations for putting the Irish home rule act into effect immediately.

"We achieved at least one thing that had never hitherto been accomplished," continued the British war secretary. "We brought the representatives of the Irish Nationalists and the Ulster Unionists to the point of shaking hands, instead of fists at each other."

## NAME EASTERN TENNIS TEAM

New York, July 28.—The eastern tennis team that will play in the singles against Pacific Coast players in the inter-sectional matches at Forest Hills, N. Washburn, N. Y., and R. Norris Williams, Ill., of Philadelphia.

## REPORT SIX NEW CASES

Springfield, July 28.—Six new cases of infantile paralysis were reported to the state board of health today, one each from Triumph, Collinsville, Armstrong, LaSalle, West Frankfort and Caseyville.

is the first official Mexican admission that Villa still is alive. The state and war departments have no positive information on this point and officials differ in their opinions.

## GIVE MATTERS BABY TO CANADIAN GIRL

### DECISION CLOSES DAY OF DRAMATIC COURT INCIDENTS

Suits Against Mrs. Matters Charging Foisting (of a Spurious Heir on the Probate Court and Perjury are Dismissed in State Court.

Chicago, July 28.—Margaret Ryan, a Canadian working girl, was today declared by Judge M. K. Landis of the United States District court to be the mother of a year old child claimed also by Mrs. Anna Dolly Ledgerwood Matters, and was given the custody of the infant.

The decision came at the close of a day of dramatic court incidents which included the hurried rounding up of material witnesses in automobiles and ended a contention which has resulted in a half dozen lawsuits. Previous to the end of the federal court hearing, suits against Mrs. Matters charging foisting a spurious heir on the probate court and perjury were dismissed in the state courts.

"Where the question of maternity is involved, the real mother will not stand mute," Judge Landis said in announcing his decision. The decision followed a speech in which the judge bitterly censured the Miscaricidia Hospital, at Ottawa, Can., the sisters in charge and certain attendants who gave perjury testimony concerning the birth of the baby. It was in this hospital that Mrs. Matters, widow of a banker, claimed to have given birth to the child and whose attendants, at first supporting her claim repudiated their testimony and in later hearings declared that Margaret Ryan was its mother and that it was taken from her and given to the Chicago widow.

Mrs. Matters presented the child to the probate court here as a posthumous heir to her husband's estate and in the long period of litigation which followed she was acquitted on a charge of conspiracy. Following this verdict Margaret Ryan brought suit in the federal court to obtain the child.

"I would like to say that I do not believe that the true reason why this act was done will ever be known," Judge Landis said. Then he said: "It is the decision of this court that Margaret Ryan is the mother of this child. Nurse, give that child to its mother."

The court room was cleared when the verdict was cheered.

Miss Ryan claimed that the father of the baby was a soldier who was compelled to leave Canada with his regiment when the troops were transported to France.

Tonight "Baby Irene" had not only a new mother, but a new name as well. She is now Kathleen Nita Ryan, by order of the judge, whom Judge Landis adjudged to be her real mother. Miss Ryan said she would take Kathleen to visit her baby's aunt in Kankakee, Ill., probably tomorrow and from there will go back to her home in Ottawa.

The decision of Judge Landis does not affect the estate of Fred Matters, late husband of Mrs. Matters, for Judge Henry Horner in the probate court had previously held that Irene was not the child of Mrs. Matters.

By an ante-nuptial agreement, Mrs. Matters was to receive \$50,000 from the estate of her husband. The law allows the widow a one third share in her husband's estate and Mrs. Matters received that share recently.

The value of the estate at that time was estimated at \$200,000. There are 25 heirs to the balance of the estate.

## PUBLICLY EXECUTE VILLISTA GENERAL AT SALTILLO, MEXICO

LAREDO, Texas, July 28.—Santiago Ramirez, a former governor of the Mexican state of Coahuila, and later a Villista general was publicly executed on the plaza at Saltillo, Mexico Monday afternoon, according to news reaching Nuevo Laredo tonight from an authentic source. Ramirez, it was stated, had left Mexico with the dwindling of Villa's power and had returned recently to offer his services to General Carranza when war between the United States and Mexico seemed imminent.

Ten thousand persons, according to the report witnessed the execution. Ramirez met death bravely, refusing to be blindfolded when stood before the firing squad. Ramirez was a member of a prominent Saltillo family.

## BIRTHDAY OF NEW ORLEANS PRELATE

New Orleans, La., July 28.—The Most Rev. James H. Blenk, head of the Roman Catholic archdiocese of New Orleans, attained his sixtieth birthday anniversary today. The archbishop is a native of Bavaria and accompanied his parents to the United States in boyhood. Five years after his ordination to the priesthood he became president of Jefferson College in this city. In 1899 he was chosen bishop of Porto Rico and seven years later he was named to succeed the late Archbishop Chappelle as head of the New Orleans archdiocese.

## TELEGRAPHIC BRIEFS

SIOUX CITY, Ia.—The Daily News, purchased a week ago by Governor Capper of Kansas, has suspended publication. The paper was started nine years ago.

NEW ORLEANS.—The Spanish bark Juanito, more than 100 days out and given up for lost, has crossed the bar at the mouth of the river here. The vessel was in the path of the recent tropical hurricane and was driven far from her course.

WASHINGTON—September 9th., is the date now being considered by administration leaders for adjournment of congress. All hope of getting thru by August 19th., the date fixed by the Democratic senate caucus has been abandoned.

SAN ANTONIO.—General Funston has appealed to the war department his recommendation that \$50,000 general resurfacing supply road from the spent on rebuilding and repairing Columbus, N. M., to Colonia Dublan.

## CALLS NATIONAL CONFERENCE OF PROGRESSIVES AT INDIANAPOLIS

Decide Whether a Convention Shall Be Called to Complete the National Ticket.

New York, July 28.—A National conference of Progressives at Indianapolis, August 3rd., was called today by Matthew Hale of Massachusetts, acting chairman of the national committee. The conference will decide whether a convention shall be called to complete the national ticket.

Decision to call the meeting was reached by Mr. Hale after frequent conferences with Bainbridge Colby, leaders of the "insurgent" faction of the party in New York state and other prominent progressives in the east. Telegrams also were exchanged with party leaders in all parts of the country.

One section of the Progressives who have not returned to the Republican ranks is desirous that a formal convention be held to place a ticket in the field. Another section contends that such a step would not be practicable because the party machinery in many of the hands of men who have declared their allegiance to the Republican party.

Mr. Colby issued a statement tonight in which he said:

"My idea is that the conference will issue a statement to the Progressives of the country, rehearsing the hidden strategy of our convention, the traitorous action of our national committee and its subsequent repudiation in all the states where there was free expression and action.

"I think we should place the responsibility for the party's unhappy plight just where it belongs, and take such steps as are possible for assembling the party's representatives after election day, and then taking measures for the continuation and renewal of the party.

"Should the conference give up the idea of holding a convention the action of individual progressives on the presidency will be left where it belongs—to their judgment and conscience."

## DUNNE PRAISES ADMINISTRATION

Rock Island, Ill., July 28.—Governor Edward F. Dunne, in a speech here tonight praised the national and state administration's and declared he had only begun to fight for the eight foot waterway from Lake Michigan to the Mississippi river.

"We must have the waterway or endure the reproach of standing in our own light and in the middle of the roadway of our progress," he said.

He concluded by praising the achievements of the state and its citizens.

## IRISH M. P. ACCUSED

London, July 28.—Accused of attempting by false pretences to obtain admission to the detention barracks at Knutsford, where Irish prisoners alleged to have been confined in the recent rebellion are being held, Laurence Ginnell, Irish member of parliament, was arraigned in the Bow Street police court today for a hearing. Ginnell is well known for his sympathies with the Irish cause. When the excitement over the recent rebellion was at its height he addressed many questions in the House of Commons to ministers, and invariably alleged that his countrymen who had been arrested were mistreated.

## PRDTCT STRIKE WILL SPREAD

New York, July 28.—At the end of a day of almost continuous rioting in the Bronx, leaders of the strike of trolley-men predicted the disturbance would extend to Manhattan and Brooklyn within the next 48 hours. The police declared the situation was becoming so serious they had ordered more than 3,000 men to remain on reserve duty.

## TARIFF COMMISSION MAY TOUR EUROPE

### WOULD STUDY WAR'S EFFECT ON INDUSTRIAL AND TRADE RELATIONS

May be One of First Tasks Assigned to Body to be Created by Pending Revenue Bill—Wilson Writes to Head of Illinois Manufacturers' Association.

Washington, July 28.—One of the first tasks assigned to the tariff commission to be created by the pending revenue bill may be a tour of European countries including the belligerents to study the effect of the war on industrial and trade relations and to report particularly information which might aid in the adjustment of tariff duties to meet conditions likely to follow peace.

A letter which President Wilson wrote to Samuel M. Hastings of Chicago, president of the Illinois Manufacturers' association in reply to a telegram from the association suggesting that a special commission be appointed to investigate economic conditions and trade opportunities follows in part:

"It was with real interest and appreciation that I received your suggestions for the appointment of a commission to visit the belligerent nations for the purpose of studying the means whereby closer economic relations might be brought about between the United States and Europe. Whether this is the opportune moment to act upon it however, is open to serious question.

"When the circumstances justify it, I shall take advantage of that provision of the Rainey bill under which the president is authorized to direct an examination or investigation by the tariff commission of trade relations between the United States and foreign countries.

"What we are interested in is to ascertain all the facts surrounding our economic life and to disconnect the fiscal policy of the government with regard to duties on imports from party politics. We shall strive to do this thru the instrumentality of a permanent, non-partisan commission composed of able and experienced men. It ought to be possible by such means to make the question of duties merely a question facilitating and helping business, and employing to the utmost the resources of the country in a vast development of our business and enterprise.

"Thru the federal trade commission we already have a compilation of the trust laws of the world, together with a complete analysis of the manner in which foreign governments encourage their business enterprises. A committee of the house of representatives now has under discussion a bill to permit co-operation among American manufacturers and business men exclusively for export trade so that American enterprise may be able to meet more successfully the organized competition with which they are face to face in international markets. It will be the function of the tariff commission to obtain and collate information which is desired as a basis for our further action.

"America is already establishing new industries. Some of these are old and well established in Europe. The study of such industries with reference to economy and efficiency of operation cannot fail to be helpful to the business men of the United States and to the people in general."

## SIX DIE IN AUTO ACCIDENT

Detroit, Mich., July 28.—Six persons were instantly killed this afternoon near the village of Wayne, 15 miles west of Detroit, when the automobile they occupied was struck by an interurban car.

## BARNS "NEAR BEER"

Brownsville, Texas, July 28.—All beverages, commonly known as "near beer" or other drinks containing two-percent alcohol were barred from regimental exchanges in regular and national guard camps in the Brownsville district in general orders issued today by Brigadier General James Parker. Another order directs the establishment of restaurants at which meals, differing from the regular army rations may be purchased.

## OPEN PERUVIAN CONGRESS

Lima, Peru, July 28.—President Pardo opened the Peruvian congress today.

In his message the president said that Peru's relations with all nations were friendly but that the European war had seriously affected the country's economic interests and her traffic by sea. Peru, however would continue to maintain the strictest neutrality in the war.

## COMMANDER SHANE CORROBORATES REPORT OF LOUISIANA'S OFFICERS

Confident He Saw Same Vessel Reported by Louisiana—Knows it Was a Warship.

Norfolk, Va., July 28.—Lieutenant Commander Louis Shane of the U. S. Collier Neptune said today he had forwarded an official report to Washington corroborating the statement of officers of the United States Battleship Louisiana that an unidentified warship was within the Virginia capes last Tuesday morning, and further declaring that he saw it moving outward to sea.

The report of Commander Shane contains the first official declaration that a warship was seen leaving the capes.

"I am confident that I saw the same vessel that the Louisiana reported," commander Shane said. "And while I cannot say it was a British cruiser I do know that it was a warship."

"I saw her leaving the capes about 3 o'clock in the morning. That was after she had exchanged signals with the Louisiana. I witnessed those signals but I do not know that they were as my signal men could not read them. Nothing can convince me that a strange warship was not in Hampton Roads on that morning."

## ASSERTS NINE MEN DIED AS RESULT OF DISOBEYING ORDERS

Work of Cleaning Out Tunnel Preparatory to Excavating Bodies Will be Resumed Today.

Cleveland, O., July 28.—The nine men whose bodies are entombed in the western side waterworks tunnel in an explosion which Monday night cost nineteen lives met death as a result of the disobeying of orders, declared Gustav VanDuzen, superintendent of waterworks construction today at the city investigation of the disaster.

VanDuzen testified he had issued orders Monday that no one enter the tunnel until midnight after he had arranged compressed air pipes to blow out the gas which had accumulated in the tube. He declared Foreman Harry Vokes disregarded his instructions and went down with the other eight men. All were killed by the explosion of gas which wrecked the tunnel.

Other witnesses testified that samples of tunnel air sent by Van Duzen to the city chemists office to be tested were not analyzed partly thru a dispute between the chemists office and the waterworks as to which should do the testing and partly because City Chemist White kept an appointment he had with his wife instead of attending to the samples.

It was declared that had the test been made Vokes and his gang would have been prevented from entering the tunnel.

The work of clearing out the tunnel today preparatory to excavating for the bodies of the entombed tunnel workers was stopped because of the large quantity of gas in the tunnel. It will be resumed tomorrow.

## ACTION BY EDWIN GOULD

Saratoga Springs, N. Y., July 28.—Hearing was resumed before Surrogate Ostrander today in the proceedings seeking the removal of Mrs. Lida M. Fleitmann of New York as administratrix of the estate of F. Augustus Heinze, the "Copper King" and one-time banker who died in 1914. The proceedings were instituted by Edwin Gould of New York, who has a judgment of more than \$1,000,000 against the estate. The judgment was obtained in an action to recover on a note alleged to have been given by Mr. Heinze. Mr. Gould alleges in his complaint that Mrs. Fleitmann has claimed as hers personal property which Mr. Gould maintains should be part of the assets of the Heinze estate.

## ATTORNEYS ABANDON PLANS LONG ENOUGH TO ARREST FUGITIVE

CHICAGO, July 28.—Three assistant United States district attorneys from Washington who are spending their vacations here, abandoned their plans for recreation long enough today to assist in arresting Mansell P. Mills, who they say forfeited his bonds in Washington after being arrested on a charge of opening two registered letters said to have contained a total of \$6,000.

The attorneys, B. J. Laws, Charles W. Arth and William Leahy recognized Mills on the street. He was originally arrested on November 12th, 1914, they said, and disappeared when his case was called. A futile countrywide search for him has been carried on ever since. Mills was an employee at the Washington postoffice.

## DELIVER U. S. PROTEST

London, July 28.—The protest of the United States government against the British statutory blacklist was delivered to the foreign office late today, but officials there, not having time to master its contents, decline to discuss it. It is known that while the note is couched in softer language than the mails detention documents, it nevertheless plainly states that the United States government cannot admit the validity of the blacklist.

## RUSSIAN FORCES CAPTURE BRODY

### Break Austro-German First Lines West of Lutsk In Volhynia

## TAKE 9,000 PRISONERS

### British North of Somme in France Succeed in Occupying Whole of Longueval

## SINK EIGHT FISHING VESSELS

## BULLETIN

LONDON, July 29.—German airships raided the east coast of England early this morning, according to an official statement just issued.

"The number of raiders," says the statement, "has not yet been established. The reports as to the raiders crossing the coast come from Yorkshire and Lincolnshire. Bombs were dropped, but details are lacking."

Driving forward at two points less than sixty miles apart, Russian forces have captured Brody in Galicia, and have broken the Austro-German first lines west of Lutsk, in Volhynia, according to the latest Russian official communication. In addition the Russians have taken 9,000 prisoners and 46 guns. Vienna admits the penetration of the Austrian line on the Brody-Lesznow road and says the Austrians are continuing the battle on the southern border of Brody.

The capture of Brody, an important railway junction some fifty miles northeast of Lemberg opens a direct road to the Galician capital. British troops north of the Somme in France have succeeded in occupying the whole of Longueval against a stubborn defence by the Germans. Their march toward Bapaume also has been aided by the re-occupation of the Devil wood. Fighting continues in the vicinity of Pozieres.

On the front held by the French no fighting in the Somme region is reported by Paris. In the Vosges however the Germans have attempted to break the French line. In one attack south of Sainte Marie Pass, the Germans gained a foothold in French positions but were driven out. Paris says. A second attack was broken up.

The French have made some progress to the west of the Thiaumont work, on the right bank of the Meuse. In a naval battle between several German submarines and three British patrol boats off the coast of Scotland, Berlin reports the sinking of one of the British vessels. It adds that the other two patrol boats are supposed to have been sunk.

London says that in a raid by a German submarine on a fleet of British fishing vessels eight of the vessels were sunk.

## PROGRESSIVE LEADERS TO HOLD CONFERENCE

New Orleans, La., July 28.—John M. Parker, vice-presidential nominee of the Progressive party, announced here late today that a conference of party leaders would be held in Indianapolis August 3rd. Therefore, Mr. Parker said, the Progressive National convention which he proposed should be held in Chicago August 5th, will be abandoned at least for that date and place.

## STRIKERS APPEAL TO SECRETARY WILSON

Ottawa, Ill., July 28.—Representatives of the 1,500 striking cement workers at LaSalle and Oglesby, Ill., tonight appealed to Secretary of Commerce Wilson to investigate working conditions at the mills in the LaSalle district. All other attempts to settle the differences between the workmen and the operators have failed. Tonight agitation was renewed for a general sympathetic strike in the LaSalle, Oglesby and Peru districts.

**Suffragists Give Warning**

Suffrage leaders are making some threats to which the old party leaders cannot with certain safety turn a deaf ear. The suffragists say that unless President Wilson and Candidate Hughes make some satisfactory declaration on the Anthony suffrage amendment that congressional and senatorial candidates will be placed in the field in the twelve suffrage states. If the suffrage leaders can prevail upon all the women who have the right to vote in these states to cast a ballot they can control nearly as many votes as were cast on the Progressive ticket in the 1912 election. Even cutting these figures down by one half it is readily apparent that the suffrage votes cannot be ignored.

Say Mr. Moving Picture Man, Have you any feature to show, That will lift the burdens from the heart, And heal their anguish and woe?

Say Mr. Moving Picture man, Will you give me your very best? Not the vice and sin that chill the blood, But views that soothe and rest.

Say Mr. Moving Picture man, Few are my hours of time; Will you entertain, not moralize? You will? Then here is my dime.

—S. A. Hughes.

**Mr. Roosevelt's Influence**

The World's Work for August in rehearsing the political situation pays this tribute to Theodore Roosevelt: "The issues of the campaign are much the better for the Colonel's activities. The largest single awakening force has been Theodore Roosevelt. For this awakening activity the American public should be grateful to him. Paradoxical as it may seem, Mr. Hughes' nomination was largely due to his most serious opponent, for the Republican party had either to take Colonel Roosevelt himself, or nominate an independent and able candidate, or accept Colonel Roosevelt's opposition and with it certain defeat. The Republican nomination in Chicago is much the better for the Colonel's participation in the general proceedings."

**Cutting Down Road Dangers**

Highway commissioners in one of the districts of Menard county recently took wise action when they purchased from a farmer a small plot of ground to make a dangerous road corner safe. Many accidents have occurred at this locality because of the sharp turn, especially since the days of automobiles, and so the commissioners persuaded the men owning the land adjacent to sell them a small strip for \$100. The addition of this land has entirely eliminated the danger.

There are a number of sharp road turns in Morgan county where similar action would be of great benefit to the people. We frequently talk of the need of eliminating grade crossings because of the danger, but as a matter of fact there are a number of sharp turns along Morgan county roads which really offer just as much danger as the grade crossings. While the danger could not be removed at all these points by the addition of a small amount of land, in some instances this could readily be accomplished.

## Rippling Rhymes

By WALT MASON

**BIRDS AND CATS.**

Who does not love the singing birds? I spend much time admiring their solos, which, the minus words, are cheerful and inspiring. The nightingale and bobolink, the thrush, the wren, the linnet! The phonograph is on blink—these feathered songsters skin it. The birds not only warble tunes that have Caruso going, they eat the bugs that eat the prunes and all things green and growing. To guard the birds we truly should adopt some stringent measure, and make their lives, in field and wood, one golden round of pleasure. But we are raising cats; and nothing that a cat can earn will pay its board and lodging. The cat kill off the orioles, the robins and the brushbees, and tear their bodies full of holes, with eager claws and tusches. The bird kills off the bugs and grubs, and by the cat is smitten and we should take our choice of clubs, and slay the cat and kitten.

**DATES IN ILLINOIS HISTORY.**

July 29, 1805—The first General Assembly of Indiana Territory (including Illinois) convened for the first time; the event marked the advance of the territory to the second grade of government.

**For Americanism.**

(Chicago Tribune.)

Archbishop Mundelein's action in abolishing instruction in foreign tongues in the primary grades of parochial schools is a very important step in the movement for a stronger Americanism. The cultural value of foreign languages is not challenged by this action, since it can be obtained in secondary grades. But the effect of the earliest instruction thru alien languages is to maintain a subtler and deeper bond with other lands than is compatible with a thorough Americanization. Basic instruction should be given in this country only thru the language of the country. Instruction in other tongues for cultural purposes is a wholly different matter.

Archbishop Mundelein has recognized this vital distinction between our language as a channel of instruction and instruction in other languages for cultural purposes, and his patriotic action is most timely.

**Post Masters Boost for Wilson**

Widespread comment has been occasioned by some of the speeches and discussions which occurred at the convention of the National Association of Postmasters recently. Never, it is said, had a convention taken such a political turn as this year and the postmaster general and others prominent in the administration were open in their efforts to boost the cause of President Wilson.

The postmaster general said that all the postmasters ought to be proud to belong to an administration that had "wrought so many reforms and been of such signal service to the country."

Fourth Assistant Postmaster General Blakesley went one better still and after declaring that nothing but a calamity could defeat Wilson, added this nonpartisan bit of advice: "I don't believe it is necessary to say to you that your part is, of course, back home, and I am sure you will attend to it when the time comes."

Postmaster Weaver of Oklahoma City gave evidence of real southern zeal and enthusiasm when he said, "Go home and remember that the greatest work of all the nation is the re-election of President Wilson."

It gives added interest to this convention to remember that it was held by government officials on government time and was supposedly to be devoted to the discussion of plans for the betterment of the postal service.

**Funk is For Lowden**

Frank H. Funk of Bloomington, a member of the state utilities commission, is the latest politician ranking as a Progressive to come out in the open in support of Colonel Frank Lowden, candidate for Republican nomination for the governorship. Mr. Funk was the Progressive party's nominee for governor in 1912 and polled 293,000 votes to the 218,000 cast for Charles S. Deneen and the 143,000 for Edward F. Dunne. In taking this stand Mr. Funk has followed the lead of a number of men who were prominently identified with the third party's state ticket in 1912. Mr. Funk states that his principal reasons for supporting Colonel Lowden are the fitness of the candidate and the fact that his announced platform is thoroughly progressive.

Mr. Funk in his statement said: "Mr. Lowden is eminently qualified for the office of governor because of his long and varied experience in business and public life. As a practical farmer also his candidacy appeals peculiarly to the agricultural and stock-raising interests of the state."

"His platform is emphatically progressive, declaring his support of a constitutional convention, for the budget system of appropriations, for the adoption of the efficiency and economy commission reports, and setting forth his attitude towards equal suffrage. Such a platform gives promise of an efficient, economical and progressive administration."

"He is in no sense a factional candidate, and was not involved in those differences which brought about the formation of the Progressive party in 1912. As national committeeman for Illinois, he voted fairly on the delegate contests before that committee in 1912."

**UTILITIES COMPANY TO AUDIT SPRINGFIELD BOOKS**

A somewhat unusual situation prevails in Springfield where the Utilities company has filed a request with Commissioner Spaulding to be allowed to audit the city's books in an effort to prove that the city is now selling electric current from the municipal plant at a below cost price. Commissioner Spaulding has taken the broadminded attitude that no effort will be made to prevent the audit and that all the records and books will be available for the company. Such records are public documents and the people as a whole are interested in any result which the audited figures will prove.

## TRADES AND LABOR ASSEMBLY TO GO TO BEARDSTOWN LABOR DAY

Arrangements Made Friday for Big Celebration Sept. 4—Program To be Carried Out Also in This City.

A conference was held here Friday morning between representatives of the Jacksonville Trades & Labor assembly and a committee from the Beardstown assembly. It was agreed that Jacksonville will join Beardstown in Labor Day celebration this year at Beardstown. The visiting committee included William Roegge, S. Devlin, C. R. Dugan and W. T. Smith. Beardstown agreed to come to Jacksonville for the celebration in 1917. The local unions believe that they can take 1,000 men to Beardstown and it is the intention to secure the Jeffries band, altho contract could not be made Friday as Manager J. Bart Johnson was out of the city.

Notwithstanding these plans, it is the intention to have a Labor Day celebration at Nichols park for the benefit of those who cannot go with the Beardstown delegation. The arrangements for the local celebration will be in charge of the Chamber of Commerce committee, the Jacksonville Railway & Light company and Cosgriff Bros.

Miss Georganna Bacon has taken a position in the office of Jacob Cohen & Son.

## SOCIAL EVENTS

**Friends Entertained by Auditorium Class.**

The members of the Auditorium class of Central Christian church entertained their friends in the basement of the church Thursday evening. Music was furnished by the Sunday school orchestra, and readings by Miss Katie Clarkson were greatly appreciated. George Harney gave a most helpful talk on "What the Class Can Do." Rev. Mr. Pontius, teacher of the class closed the program with a few appropriate remarks. The social hour was much enjoyed and refreshments were served.

**Children's Party At Woodson**

Mrs. George Thies entertained yesterday afternoon at her home east of Woodson at a birthday party for her little three year old daughter. She was assisted by Misses Mabel Thies and Sarah Jane Megginson. Refreshments were served to the children, the birthday cake being baked by Grandma Megginson, and had three candles.

Those present were Dorothy Thies, Mary Catherine and Helen Sturdy, Margaret Henry, Geneva and Vivian Vasey, Phyllis Steinmetz, Eleanor and May Kitner, Frances Kehl, Mardell Henry, Mildred, Eugene and Lela Megginson, Edward Thies, Robert Sturdy, Ray Sorrels, Helen Kitner, Adelaide Rook and Lester Henry.

**Dance Near Franklin**

Young people of the Franklin vicinity enjoyed a platform dance Friday evening at the home of Evan Johnson southwest of the village. Attendance was good in spite of the hot weather. Music was furnished by Miss Dorothea Sargent at the piano and George Boulware, as drummer.

**Priscilla Club In Double Farewell**

Mrs. Clyde Singley entertained the Priscilla club Friday afternoon at her home on East State street in honor of Mrs. James J. Kennedy and Mrs. A. L. Stewart, both of whom will soon leave the city. Mr. Stewart will continue to travel for the Shapleigh Hardware company but will have his headquarters in Quincy. Mention has been made of the approaching departure of Mr. and Mrs. Kennedy for Indianapolis.

The event riday was an all day picnic, members of the club and guests coming in the forenoon with well filled baskets of good things. A basket dinner was served at noon on the lawn, which was handsomely decorated with flowers.

**JUST ARRIVED—1917 Model Overland Automobiles.** See them before you buy. J. F. Claus Overland Company.

**WILL TEST RIGHTS**

The question concerning the rights of colored citizens has been raised in Springfield. Three colored men went to the bathing pool at one of the parks and were informed by the authority that the beach had been closed for the day. They remained for several hours but were not permitted to bathe. The men, it is understood, went to the pool in order to find out the action which would be taken, and as a result an injunction suit is to be filed in the circuit court praying that the board be restrained from denying colored citizens and taxpayers the right to use the pool.

**CHICKEN FRY.**

Little York Church, 4 miles north of Waverly, Chicken Fry and Home Coming, Tuesday, August 1st.

**PASSED CIVIL SERVICE EXAMINATION**

According to word received yesterday from the civil service commission Benjamin D. Burdick and Ralph R. Stroud have successfully passed the civil service examination for chief electrician.

W. S. Babb returned Friday night from a business trip to Peoria.

# **FREIGHT CAR SHORTAGE PRESENTS SERIOUS PROBLEM FOR GRAIN MEN**

Many Elevators, Already Full, Can Not Secure Cars to Continue Business.

The freight car shortage which since the outbreak of the Mexican trouble and the beginning of wheat harvest has greatly increased, is becoming a serious problem for elevator and grain men the country over. For many months it has been difficult to secure freight cars on time but recently the situation has grown almost intolerable. Both the Chicago & Alton and the Wabash railroads have been hard hit by the general shortage. The elevator at Arnold is filled to capacity and the proprietors have been able to secure but one car in the past ten days. The Orleans elevator is almost full, as is the one at Pisgah, tho the C. B. & Q. has had less cars tied up in the eastern war munition trade than have the other roads. The farmers' elevator at Strawn's Crossing is also suffering and may not be able to handle all the grain of that community if the shortage continue.

The Co-operative Farmers' elevator company at Murrayville has not completed the repairs on the Harry Cade building, and as a good deal of the business is done from field to car direct, the shortage is especially troublesome.

According to A. C. Rice, president of the Illinois Farmers' Dealers association, there seems little hope for immediate relief as many of the railroads really do not have the cars to meet this season of extraordinary demand. Some have thought that cars released from shipments to the border would be available in large enough number to help materially, but there have been no indications of an increased supply from this source.

## **FOUR DAYS OF HEAT**

The government thermometer at Alexander again went above the 100 degree mark Friday and Mr. Hall U. S. weather observer, has called attention to a peculiar coincidence, the fact that for four days this week the maximum has been the same, 101 degrees.

# **MRS. J. L. MONTGOMERY DIED AT LATE HOME FRIDAY**

Death Came At Home of Her Daughter, Mrs. Strawn—Deceased Long Time Resident.

Mrs. Eliza Montgomery died at 11:35 o'clock Friday night at the home of her daughter, Mrs. Isaiah Strawn, just west of the city. Mrs. Montgomery was the widow of the late James L. Montgomery, for a great many years a well known contractor of this city, a member of the firm of Wood & Montgomery. Mrs. Montgomery had been in feeble health for some time at the home of her daughter. An obituary notice and announcement of the funeral will be made later.

## **MANY ANSWERS FOR LIGHT COMPANY ADV.**

The advertisement of the Jacksonville Railway & Light company offering a cash prize for the solution of a puzzle advertisement which appeared in local papers Thursday and Friday brought a large number of replies. There was more than one correct answer and the award will be made to the one first. Announcement is not made today of the successful persons because the company is today repeating the offer with additional prizes. Turn to the advertisement on page 10 this morning and you will find that 3 cash prizes are offered. It is not difficult to get the correct answer but you must do it early for there will undoubtedly be keen competition for these generous prizes.

## **ROAD MEETING TONIGHT**

There will be a meeting this evening at 7:30 o'clock in the Chamber of Commerce rooms to perfect arrangements for the Burlington Way convention here Aug. 14.

## **VISITING IN TOULON**

Mrs. L. L. Gibson and daughter Ora, 309 Woodland place, have gone to Toulon, Stark county, for a visit with Mrs. William White. Mrs. Gibson will return in three weeks and her daughter will remain until the beginning of school.

# **TWO MEN ROB NEBRASKA STATE BANK AT SUNOL; KILL PURSUERS**

Posse Led by Sheriff Captures Robbers Later—Find Approximately \$1,200 in Their Possession.

Sidney, Neb., July 28.—The Nebraska State bank at Sunol, near here, was robbed today of \$1,200 by two robbers who locked Cashier W. C. Smith in the vault and in making their escape killed Ira Paup and Paul Vack who tried to capture them. Later the robbers were captured by a posse led by Sheriff McDaniels of Sidney. They gave the names of J. W. Cornell and R. G. Lukens. After taking currency in sight the robbers ordered Smith into the vault and closed the door, but failed to turn the bolt.

According to the authorities Lukens said he lived in Denver and Cornell gave Insomont, Colo., as his home.

An attempt to stop the robbers as they entered their automobile caused a fusillade of shots in which Paup and Vack were killed. Sheriff McDaniels led a pursuit, which captured the robbers about two miles from Sunol. Approximately \$1,200 found in their possession was recovered.

## **FIREMEN DO GOOD WORK**

Men from the fire department were busy last night in the laudable work of watering the grass in Central park. Two streams were used. The pagoda and surrounding walks were well washed and what grass remains was given a thoro drenching. The grass is growing only in certain spots in the park and it was thought that the thoro watering might keep it alive until rain comes.

Men from the department did another good deed Thursday night when chief Hunt took the detail to the plant of the Electro Water company on North West street and turned off the water which was overflowing a big tank. The water was flowing into the establishment of U. G. Woodman adjoining it and a \$500 shipment of matches just received was endangered. Mrs. Woodman, who found the water coming in, telephoned the fire department for aid. Chief Hunt forced the lock and stopped the overflow.

## **CZAR HELPS CHURCH**

At Bend, Ill., a Russian orthodox Greek Catholic church is to be dedicated early in August. As the congregation is small, a portion of the cost was paid by the Russian government. The architect had some difficulty in securing a Russian effect with present day materials. The front of the church is adorned with three large crosses, which are made from mirrors and send reflections for great distances.

## **SOUTH JACKSONVILLE OILING.**

A 12,000 gallon car of oil was received Friday by the village board of South Jacksonville and preparations were begun at once for oiling the Vandalia road and as much of South Main street as the quantity will allow. Water was hauled last night from Morgan lake to lay the dust on the Vandalia road and it was expected that work would begin today. Henry Goebel, C. C. Berryman and O. B. Hehl are the commissioners. The oiling will be done by W. H. Cocking.

## **LONG-DISTANCE POWER**

### **BOAT RACE.**

New York, July 28.—All arrangements have been completed for the New York to New England power boat race, which is to have its start tomorrow from Whortleberry Island. The finish will be at the Boston Yacht Club station at Marblehead, Mass.

The race will be the first of its kind for nearly seven years, and New Yorkers who have planned it have made the conditions such that it will be a real contest from start to finish. A time limit of twenty hours has been placed on the express cruiser class, and a limit of forty hours on the cruising class. This means that the express cruisers, measuring not less than 35 feet on the water line and not over 70 feet, must make the 275 nautical miles, over the shoals and around Cape Cod to Marblehead, at a speed of better than 13 miles an hour. The boats will race on time allowances figured by the American Power Boat association.

## **TO TRY SANDY HOOK SWIM.**

New York, July 28.—Robert Dowling, the 19-year-old local long distance swimmer, who last summer covered the thirty-four miles around Manhattan Island in 13 hours 45 minutes, tomorrow will attempt to swim from the Battery to Sandy Hook and back.

The one way trip has only been accomplished so far by five men, and the record stands to the credit of George Meehan of Boston, at 7 hours 18 minutes.

No swimmer has ever accomplished the task of covering the distance both ways. The feat is especially difficult because of tidal conditions, which makes it a test of speed, as well as of endurance. Success hinges upon the ability of the swimmer to complete the downward leg on the ebbing current, the upward on the flooding, for it is beyond human power to beat the tide once it has set in the direction opposite to the swimmer's course. This means holding a fast pace continuously for about fourteen hours.

# **MISS HINRICHSSEN GIVES VIVID POOR FARM PICTURE**

Disgraceful Conditions Found at Hardin County Poor Farm—State Charities Commission Sends Out Report.

The following account by Miss Annie Hinrichsen, inspector of institutions for the State Charities Commission, of her visit to a southern Illinois almshouse is offered to the public by the commission as a bit of rare descriptive literature. It gives a hint of the valuable color and material for story writing which lies unused in many of our poor farms. It illustrates also what effective vividness may be imparted to official public reports on subjects which have been considered dry routine matter. Miss Hinrichsen writes:

"I ain't got no time to fix up these people," she declared, "and they don't expect nothin' from me. I'm getting too old to do for paupers." She spat heavily again and another great brown splotch was added to the large accumulation of filth on the floor.

A two-room cabin, propped on rotting sills, its tottering porch, supported by a few rocks, is the home Hardin county provides for its poor. In this hovel, lives two men and two women. The rooms are filthy. They are vile with the odors of years of disease and uncleanness.

## **The Inmates Described.**

An old woman, half blind, her limbs so heavy with dropsy that she can not move, her tongue so numb with paralysis that she can only mutter unintelligibly, sits on a sagging bed; the covers piled around her are so old that their colors have faded to a dull dun and so ragged that they can hold no warmth. The vermin swarm over them. Her clothes are heavy with grease and dirt and they hang in torn bags on the crouching little figure.

Her companion is a feeble-minded woman 50 years old. Her bleared eyes are so crossed that the iris of one is almost hidden in the socket. A few scraggy teeth project over her gaping lips as she tries with uncertain, incoherent words to speak her joy at sight of a new face. Her dress is a bundle of filthy rags. She is the housekeeper for this room. She is the only one to wait on the helpless woman and to take care of the quarters. She is the washerwoman for all the inmates.

She has been here 30 years. Four children have been born to her in this place. Two died, one died in the Lincoln State School and one lives in the country, a worthless loafer.

## **Interior Furnishings.**

The walls of the room are cracked from floor to ceiling. The patches of plaster are red with the trails of vermin. The floor is dark with dirt and littered with scraps of old rags, bits of paper and corn-cobs. The stove is brown with rust. There are no shades at the two small windows. The chairs are broken and their seats are mere scraps of torn cane. There are three ancient wooden beds. Their covers are ragged and dirty. The pillow-cases are gingham, once blue, but now brown with age and dirt. Uncovered buckets and dented tin pans are the only toilet equipment.

On the porch outside the room, are two battered iron kettles taken by the feeble-minded woman from the playhouse of the superintendent's children. These kettles are the only means the women have for carrying water.

On the walls hang two ornaments, helpless woman's framed marriage license and a case of locks of hair of every color and texture.

The men's room is like the women's. It was cleaner. The men spend little time in this room. One of them is a cripple and one has never been self-supporting, altho he has apparently no serious infirmity. Each is about 45 years old. They appear to be in good physical condition and their clothes, tho shabby, were fairly clean. One of them asked for news of the war and said it had been many weeks since there had been a newspaper at the almshouse.

On the porch was a box with a setting hen in it.

## **How the County Pays.**

For the care of these persons the county pays the superintendent \$10 per month and rents him for \$240 a year a 200-acre farm. He was made superintendent because his bid for caring for the poor was the lowest one offered the county commissioners. The land is not very productive and the county officials state that \$240 a year is all it is worth.

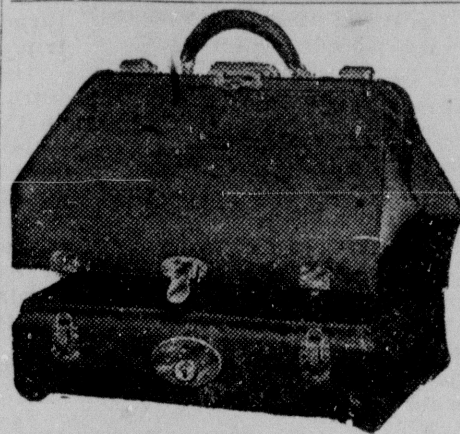

The superintendent's house is as old and dilapidated as the inmates' cabin. It has two stories and it leans unsteadily forward as if ready to fall to the ground. The walls are as cracked and as marked as those in the cabin. The bricks of the fireplace are falling from their places.

The inmates eat with the family in the kitchen. The kitchen was in disorder, the floor unswep. The grounds around the house are bare of grass. The barns and out-buildings are old. Some of them are built of logs. They are in fairly good order. Men and women use the same toilet, a disgustingly filthy one at considerable distance from the cabin.

"No, I can't do nothin' for them except cook up their vittuals," said the matron. "I used to clean up a little and wait on 'em but my feet's give out. They ain't got no pride about tryin' to do for themselves and so things ain't very nice. My husband, he don't have no time to wait on 'em. He's a road commissioner, and working on the road and tendin' the horse takes all his time. We got the place for five years on each bid. We've had it now 13 years and we're goin' to bid again this fall."

And every few minutes she spat,

### TRAVELING THRU WESTERN COUNTRY IN A FORD

T. M. Tomlinson and Party Now in Wyoming—Met Former Jacksonville Citizens—Great Celebration at Cheyenne.

The following interesting letter to the Journal has been received from T. M. Tomlinson now on an auto tour in the west:

Cheyenne, Wyo., July 26, 1916

Thinking perhaps some of our friends might like to know how we got along on our vacation trip I am going to give you a little outline of our trip since leaving Jacksonville.

Dr. W. B. Young, my son, Edward and myself packed tent, suit cases and cooking outfit and strapped them on my little "Ford" and started on our 3,000 mile overland trip to Cheyenne, Wyo., Denver, Colorado Springs, Pike's Peak and other western towns.

We left Jacksonville, Tuesday evening 6:15 and it being a beautiful moon light night we decided to run a few hours before going into camp. So 10 o'clock p. m., found us west of Rushville about ten miles where we camped and after a good night's rest we were up at 4 a. m. and on our way to Keokuk, Iowa, our first stop where we spent two hours very pleasantly looking over the great Mississippi dam. At this point I might say it is well worth the time of any one to take a trip over to Keokuk, Iowa, and see this wonderful engineering feat of harnessing the mighty waters of the Mississippi.

We left Keokuk at 11:15 a. m., and had a rather rough ride to Fairfield, Iowa, where we made a run in a heavy down pour of rain about 4:15 p. m., where we put the "tin-lizzie" in the Ford shed for the night. We secured a night's lodging at the Fairfield hotel. We were up at 4:30 a. m., Thursday morning and left at 6:30 a. m., for Des Moines, Iowa, going nearly 75 miles out of our way so we could strike the river to river road at Des Moines. Reaching there at 2:45 p. m., we called on Ed Vickery and wife and we also spent a half hour with Mrs. Abner Upham and Helen and William Allcott who were visiting the Uphams.

Leaving Des Moines at 4:45 over the river to river road which is one of the grandest roads I ever traveled over we ran until 10:30 p. m. when we put into camp and left camp the next morning, Friday for Omaha, Neb., where we arrived at 10:45.

After looking around the city a couple of hours we took the Lincoln highway to Central City, Neb., where we ran into another storm and had to go to a hotel for the night. We reached Central City, Neb., 6:30 a. m. and made a point near Gothenberg, Neb., for the night of July 22nd., where we camped and left 7 a. m., next morning for North Platte. After leaving Kearney, Neb., we came to the 1733 ranch which is given this number from the fact that it is just 1733 miles east of San Francisco, California, and 1773 miles from Boston, Mass., on the Lincoln highway. This ranch has over 5,000 acres and they employ 45 to 50 men all the time.

When we made ourselves known to Mr. R. F. Palmer the business manager of the ranch, and told him we were from Jacksonville he asked us if we knew Dave Heimlick and when I told him that Mr. Heimlick and I were both members of Urania Lodge 243 there was nothing too good for us as Mr. Palmer and Mr. Heimlick had judged lots of chickens at poultry shows all over the U. S. I had two of J. Capps & Sons famous Indian blankets with me and Mr. Palmer wasn't long in buying one for his wife as Mr. Heimlick had told him of these world famous blankets.

At Ogallala, Neb., a man by the name of L. Sanders who said he was a cousin of Jack Osborne and was also related to the Dewees and Alexander families came up to our car and made himself known and he told us he went to school at Illinois college over 30 years ago and that my father used to make his clothes.

After leaving Big Springs we ran up on to the high lands and into another big storm but it was soon over and we camped about 15 miles west of there for the night. We were up bright and early the next morning and reached Cheyenne at 3 p. m., Monday July 24th., after going 1081 miles and using 53 gallons of gasoline and 1 1/2 gallons of oil. We found the city of Cheyenne all decorated in her brightest colors and electric lights that would make you think you were on State street in Chicago.

This is a typical western city and they know how to do things. Thru the courtesy of my friend Jay Rodgers he had secured a 10-day special privilege ticket for our party from the Industrial club which is a live business men's club and their secretary, Mr. Lamont has surely been very kind to us. Cheyenne is more than 6,000 feet above the sea level and we noticed the air was very light and some when they first come up have trouble in breathing but after they have been here a day or so they have no trouble at all.

We have met cars from California, Texas, New Mexico, and as far east as New York. We met a man and his wife and two children on their way from New York to San Francisco in their Ford and about 75 per cent of the cars you meet in this country are Fords. The Frontier Days here are Fords. The big days of the year and they are expecting 3,500 to 40,000 people in the city as they give over \$40,000 in prizes and have several hundred cow boys, cow girls and Indians doing all kinds of wild west stunts. We expect to leave here Friday a. m., for Estes Park, Boulder, and on to Denver for 4 or 5 days.

### CAPE WITH EGGS WILL MEAN BIG SAVINGS

Local Produce Firms Tell How the Farmers are Losing \$800 to \$1000 a Week.

Swift & Company and the Hatfield Commission company representatives yesterday called attention to the heavy losses farmers and poultrymen sustained because of careless methods used in handling eggs. The present price paid to farmers for eggs is 17c a dozen and at the Hatfield plant yesterday it was stated that each week their firm and Swift & company haul to the city dumping ground an average total of 150 cases of rotten eggs. The eggs are worth from \$6 to \$6.50 a case, so that it is easy to figure just what poultry raisers are losing. The produce men buy eggs on the candling basis. They pay 17c a dozen for the eggs which after being candled show that they are fresh and in good condition, and pay nothing for the other eggs. It is possible for the poultry raisers to save Morgan county hundreds of dollars a week if they will only use care in the handling of eggs. With weather conditions as they are now an egg will become rotten in 48 hours if it is not stored in a cool place. The shippers recommend that the poultry raisers gather the eggs early and then keep them in a cool place and market frequently.

Many farm people seem to have the practice of gathering eggs late in the day and leaving them in a shed or some other hot place, and marketing them at irregular times afterward. The inevitable result of such handling, especially in weather like this, is that when the eggs are submitted to the candle test a big percentage of them are thrown away and are absolutely valueless. If \$800 to \$1,000 a week can be saved on eggs to the farmers of this community the subject is certainly worth attention, and illustrates very plainly what intelligent and careful methods will accomplish in farming and allied lines of work.

### WOODSON

### NEW BOOKS AT PUBLIC LIBRARY

The following list of new books will be ready for circulation Saturday, July 29, 1916.

#### Travel

Abraham—Surgeon's Log. Mr. John Masefield says, "Dr. J. Johnston Abraham's book of the Surgeon's Log makes one realize the difference which a feeling for life makes in a writer; for, tho his subject is only the voyage of a tramp steamer from Liverpool to the Far East, from the point of view of a ship's doctor, his handling of it makes it a little prose epic. He has a feeling for life, for what is living in the things he sees, and for conveying as some few can, an atmosphere, whether of a ship or of a strange port. It is a delightful book."

Bates—From Gretna Green to Land's End.

A literary journey in England.

#### Education

Bolenius—Teaching Literature in the Grammar Grades and the High School.

"A work which is based on a broad conception and on a thorough knowledge and experience. It presents literature in practical lessons and yet does not deprive it of its power to please and inspire. It can be used by country as well as city teachers. References to sources are exact and there is a good index."

Wisconsin.

Dewey—Democracy and Education.

"A notable contribution. . . . The book is more than an educational treatise. The student and especially the teacher of philosophy will find in it a much-needed statement of the writer's general philosophy, bringing

together his views in education, psychology, theory of knowledge, ethics and social theory."—Nation.

#### Philosophy

Starr—Adolescent Period.

Titchener—Beginner's Psychology.

#### Photography

Anderson—Pictorial Landscape Photography.

Commercial Photography. A successful worker's personal methods, profusely illustrated covering this profitable field with fully detailed instructions and showing how to get results.

#### Rent Fiction

Bingham—Heart of Thunder Mountain.

Cobb—Old Judge Priest.

Palme—Long Road Home.

Walsh—Cam Clarke.

#### CHAUTAUQUA TICKETS

AND TENTS.

Subscribers for season tickets at One Dollar are requested to call for their tickets at their earliest convenience.

Persons desiring tents should be in as soon as possible.

A. C. Rice, Secretary.

The Jacksonville Chautauqua, Aug. 18-27 inclusive.

#### PISGAH PRESBYTERIAN CHURCH

Rev. A. A. Pratt of Jasper, Ind., will occupy the pulpit of Pisgah Presbyterian church Sunday morning and evening. Rev. Mr. Pratt who will come here well recommended, is understood to be one of the ministers who is being considered for the pulpit of the church which has been vacant since the death of Rev. Rainey.

Mrs. Florence Miller, near Murrayville, was a visitor in the city yesterday.

by McDevitt in the 2:06 trot was  
the feature of the concluding day's  
card of the local grand circuit meet-  
ing today. She got the decision in  
the headliner by winning the first  
two heats. Guy Nella and Lucille  
Speer finished this mile so close to-  
gether that the spectators thought  
a dead heat had been run. The  
Judges, however, saw Guy Nella  
first. Joan took the first heat in a  
thrilling finish with Lucille Speer.  
In the second heat the field was in  
single file from the first turn so  
well into the stretch with Mythful  
in front and Joan second. Joan re-  
peated her spurt and won by two  
lengths.There were three other events on  
the get away card. Lella Patchen  
captured the 2:05 pace by taking  
two heats in easy fashion. In the  
second heat she came thru from  
third place in the last 5 yards and  
won eased up.The 2:12 trot went to Donna Clay

Any Doubt as to the Future.New York, July 28—Bradstreets  
tomorrow will say:  
Trade does not pause nor does  
there seem any doubt as to the fu-  
ture. Even in sections where talk  
of damage to wheat is most rife,  
buying is steady. Purchases for fall  
are earlier and heavier than a year  
ago. Trends in general indicate that  
buying for immediate shipment is  
good, while ordering for fall delivery  
is growing and will be heavier  
during the first fortnight of August.  
Mingled with these tendencies is of  
course a spirit of conservatism."Industrial operations continue at

## ARMSTRONG DEFEATS GRIFFIN

Boston, July 28—Clarence J. Grif-  
fin of San Francisco who won an  
unlooked for victory over R. Norris  
Williams, II, former National Tennis  
champion, in the early stages of the  
Longwood singles play, was himself  
the victim of a sensational upset  
in the fourth round of the tourna-  
ment today. Griffin was defeated  
by J. J. Armstrong of Philadelphia  
in five sets, 6-3, 3-6, 6-3, 5-7, 6-4.  
Armstrong's well rounded game was  
more than a match for the Califor-  
nian's smashing tactics, and the  
Philadelphia's well placed drives  
repeatedly caught Griffin out of po-  
sition.

# A Discovery about your TEETH

Tonight, if you will closely examine your teeth after  
brushing them, you will make a surprising discovery.  
Though you have been cleaning your teeth regularly, you will  
find an accumulation of tartar on the enamel and bits of food de-  
posit hiding between the crevices. Your denture has not been  
REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea  
or Decay—both of which ordinarily develop only in the mouth  
where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a den-  
tal specialist's formula will do it. Senreco embodies socially  
prepared, soluble granules unusually effective in  
cleaning away food deposits. Moreover, it is particu-  
larly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—  
keep your teeth REALLY CLEAN and protect your  
self against Pyorrhea and decay. Send 4c to Senreco  
304 Walnut St., Cincinnati, Ohio, for trial package.

## WHEAT ON DOWNGRADE AFTER TOUCHING HIGHEST PRICE OF SEASON

Close is Weak at 1 to 1 1/2 Cents Net Lower—Corn values Sway in Sympathy With Wheat.

Chicago, July 28.—Despite the fact that wheat at one time today touched the highest prices this season, the market generally was on the downgrade. Bears made much of assertions by a prominent expert that crop losses would perhaps not reduce the yield in the Dakotas and Minnesota much under a seven year average. The close was weak 1 1/2 @ and December, \$1.25 1/2.

Corn finished 1 1/2 off to 3/4 @ 1/2 up; oats 5/8 down to 3/4 @ 1/2 up and provisions unchanged to 1/8 higher.

Considerable interest was taken by wheat traders in the circumstances that many estimates of damage in the northwest were founded on comparisons with last year's abnormally large crop. The total yield of the Dakotas and Minnesota in 1915 was 289,000,000 bushels, where as a ten year average for the three states is about 191,000,000 bushels.

Corn values swayed in sympathy with wheat.

Oats were relatively easy throughout the session. Higher quotations on hogs gave firmness to provisions.

FALLING OFF OF RECEIPTS TENDS TO LIFT HOG VALUES

Cattle Offerings Lack quality—Best Sheep and Lambs Meet With quick Sale.

Chicago, July 28.—Falling off in the number of hogs arriving at western centers tended today to lift values. Cattle offerings lacked quality. Best sheep and lambs met with quick sale but undesirable grades were slow.

## ASSOCIATED PRESS CORRESPONDENCE

PARIS, July.—(Correspondence of The Associated Press)—Feminism is making great strides during the war, says Eugene Brieux, a member of the French Academy, discussing the future of the women of France. He predicts "a violent phase in the war of sexes" when the soldiers come home and has thereby provoked a lively discussion of these questions:

Will woman suffrage be advanced by the war?

Will woman now replacing men in all sorts of occupations hold their places and come into competition with the discharged soldiers?

Will they complicate the labor problem by accepting the wage scale for men's work?

Will their extended participation in industrial life separate them more from men?

"The competition between male and female labor will be fierce," according to M. Brieux, and he declares that "women will abandon the career of housewife while young girls, having learned how to provide for themselves, will no longer look to man as a prospective protector."

Marcel Provost, another Academician, also sees coming "a great falling off in sentiment, due to the penury of men," and he expects the women who have learned to use the lathe making projectiles will turn out parts of automobiles and all kinds of machinery after the war. He is less pessimistic than M. Brieux as to the intensity of their competition with man.

Maurice Donnay agrees with his two conferees of the Academy that women will do more manual labor in factories and take a more active part in men's occupations generally, but he thinks there will be so much to do that a proper division of labor will prevent harmful conflict.

Dr. Madeline Pelletier, one of the leading French suffragettes, who says she "despaired of feminism before the war" now thinks that "the necessities of life are going to impose what years of propaganda failed to effect—the emancipation of women."

"The war," she says, will put France, as well as the other belligerents, face to face with a crushing financial problem and the state will be unable to support the millions of mothers, widows and orphans deprived of their natural protectors. Instead of a meagre pension," she anticipates, "the country will provide for them by giving them occupations in which they will earn their own comfortable living."

As to domestic life, Madame Pelletier looks for a complete transformation of the household to put it in accord with new conditions.

"Dirty dishes will be laid out on the doormat to be taken away by specialists who will deposit them properly cleaned in the same place" she thinks. "Stockings will be darned by other specialists, leaving the women of the family to earn the price of two pairs in the time they would take to stop up the holes of one."

Cooking, as well as dishwashing and darning," she adds, "will be done by specialists while the lady of the house concentrates her attention upon the shop or the factory."

Madame Pelletier, as well as the Academicians, neglect the question as to what will become of the children. "It will be quite necessary for France to think of the children, though," writes a woman temporarily working at the lathe. Future generations," she points out, must make up of the wastage of war in human life and nothing could be more inopportune now than encouragement of the separation of woman from the home and the smothering of family sentiment."

Hundreds of women contributing to the discussion agree with the sentiment of the woman of the lathe. In reply to it M. Brieux reminds them that every married man who falls on the battlefield leaves a widow.

## Muffins

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K. C. the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

## One-Egg Muffins

2 cups flour; 2 slightly rounded teaspoonsful K. C. Baking Powder; 1 teaspoonful salt; 1 cup sugar; 1 cup melted butter or lard; 1 egg; 1 cup water or milk.

Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

## Graham Muffins

1 cup graham flour; 1 cup pastry flour; 2 level teaspoonsful K. C. Baking Powder; 1 to 2 level tablespoonsful sugar; 1 teaspoonful salt; 1 egg; 1 1/2 cups milk or water; 2 to 3 tablespoonsful melted butter; mix and bake as One-Egg Muffins.

Graham batter should always be quite soft to insure light and moist muffins. To get 88 other recipes as good as these, send us the certificate packed in every 25-cent tin of K. C. Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. James Mfg. Co., Chicago.

ow; that every man killed leaves a widow by anticipation—a widow without weeds; that all these added to the widows, orphans and mothers that had lost their protectors before the war make a formidable army of women for whom husbands cannot be readily found and who must be permitted to make a living.

"We allowed ourselves to be surprised by war," adds M. Brieux; "let us not be surprised by peace; let us think right now of what shall be the fate of these victims."

"Women will work in France after the war as they always have done," answers one correspondent "but they will put no obstacle in the way of men. If employers are tempted by the prospect of getting cheap labor they will be met by this general doctrine 'equal pay for equal work' the woman that runs a lathe after the war will get man's pay for her labor."

"The best way of caring for the interests of woman after the war is to look out first for the men" is the opinion of another female munitions worker. "When the victorious soldiers come home he will find in woman a companion and a collaborator instead of a competitor. The only thing to do now is to reassure those who are fighting for us so that they may come back to their firesides without anguish."

"The long separation will reveal in a new light the joys of hearth and home," says another. "Even those who never appreciated it will realize the meaning of the family and would it be at that delightful moment that the woman would fly from the house to the workshop by choice?"

The majority of opinions of women thus far gathered seems to be against Madame Pelletier and the Academicians so far as concerns a possible conflict between men and women while admitting that the latter must, forcibly during the reconstruction period, take on a considerable part of man's work.

The light weight underwear for men sold by FRANK BYRNS Hat Store is light in price also.

## TOWER OF BABEL

The Carl Hagenbeck-Wallace Shows Is one of the Largest Circus Organizations in the World.

Circus life is not without its reward. The work is hard, but the life is in the open. The fields and the trees are green. The skies distill health for all nature. Husbands, wives, sons, daughters, uncles and aunts travel together. Like the snails, they take their homes around with them. These homes are the sleeping cars. Necessarily, they are modest in space, but they are made to bloom cheerily by a genuine domestic pride.

The most wonderful circus in the world is the Carl Hagenbeck-Wallace Shows. It is a tower of Babel. The employees, numbering about 1,000, speak almost every language under the sun. The social side of this big family is interesting. There are card clubs, a woman's club, clown society, cosmopolitan club and baseball team.

The feminine touch of refinement is to be seen about the living parts of the circus tents, as well as in the cars. The dressing tents have no hardwood floors, but soft carpets are spread over the grass and on these each artist gathers her little party. The cosmopolitan club was started last season. Very few of its members speak English and they stumbled hopelessly. It is a polyglot crowd, working far from home and needing such fellowship. At present they are learning to speak English under the guidance of a little American rider. There are fifty children with the show. Many are the sons and daughters of performers; in a sense born to the business. Others are children of relatives. Some are apprenticed. The boys and girls go to the circus school and study with greater zest because of splendid physical health and six months' separation from school routine. Their teachers are furnished by the management.

When the big show comes to Jacksonville on Wednesday August 16, the first thing that will be noted is its vast improvement. From its first day of existence it has grown rapidly year by year, but never before has it shown such progress as in the recent years. In every large city in the world the Carl Hagenbeck-Wallace Circus maintains an office. In every jungle, forest and everglade trappers are on the constant hunt. Thus novelties are assured. It matters not what the cost may be, anything that is curious and interesting, and any performer whose methods are novel are secured at once.

The performance of the Carl Hagenbeck-Wallace Circus this year is divided into two departments; one is the famous Carl Hagenbeck animal show, where several hundred animals perform almost human stunts. There are educated elephants, three herds of them, seals, monkeys, lions, polar bears, lions, leopards, royal Bengal tigers, etc. In the circus department there is the Great Wallace Show with its 400 artists, among the most famous of whom is Herr Von Ritter, who slides down a slender wire on his head from the summit of a lofty pole; the Six Flying Wards, sensational aerialists; the Lindsay Trio, who fox trot on a tight wire; Capt. Richard Ricardo, the World's bravest wild animal trainer, and fifty clowns, headed by Art Adair and Arthur Borella.

Performances will be given at 2 and 8 p. m. Doors to the zoological paradise will be opened an hour earlier. A three-mile long street parade will leave the show grounds at 10 o'clock.

M. L. HILDRETH TRIES DRIVING CAR

M. L. Hildreth was out riding with his family Friday in a Ford. While driving along the Morton road Mr. Hildreth thought he would like to try his hand at the steering wheel. He got hold of the wheel all right but the animal balked. Mr. Hildreth thought he was driving his old sorrel horse and told the thing "Whoa." The car didn't obey orders and before it could be stopped turned over throwing all the occupants out. Fortunately no one was hurt. Mr. Hildreth says that in the future he will stick to horses.

## FATHER AND SON

H. H. Andre has returned from a visit to the furniture markets in Grand Rapids, Mich., and Chicago. G. B. Andre accompanied his brother and on Sunday the Grand Rapids Herald came out with a splendid cut of the Andre brothers. The only trouble was that the story accompanying the cut stated that father and son were buying in the Grand Rapids market. H. M. Andre was referred to as the father and G. B. Andre as the son. Bert naturally feels quite young since taken for H. M. Andre's son.

## SPECIAL SERVICES AT WOODSON

The Woodson Presbyterian church rally tomorrow promises to be a very interesting event. There will be a preaching service at 10:30 a. m., and at noon a picnic dinner will be served on the church lawn to members and their friends. The pastor, Rev. J. Latham, will preach at the morning service and in the afternoon Rev. W. E. Spoons will occupy the pulpit. All members, together with past members and friends of the church, are most cordially invited to be present.

### WILL RUN FOR CONGRESS

Petitions were being circulated yesterday by C. O. Bayha and others for Walter B. Saylor of Kilbourne, who has determined to become a candidate for congress on the Republican ticket in this congressional district. Mr. Saylor is principal of schools at Kilbourne and is well thought of in that community. If he can overcome the normal Democratic majority of 5,500 in the district, Mr. Saylor would doubtless fill the position with satisfaction to his constituents.

## EDUCATION BOARD IN LIVELY SESSION

### SPECIAL COMMITTEE NOT READY WITH TEACHERS REPORT.

Several Members Urged Appointments in Justice to Special Teachers—Sharp Discussion Followed the Vote on Motion to Adjourn.

The dove of peace which has hovered so complacently over the meetings of the new board of education threatened to fly out of the window at the special meeting held Friday evening.

The cause of the break in peaceful relations was the failure of the special committee appointed to report on the matter of the appointment of five teachers, among them manual training, music and art.

Everything moved along smoothly and a number of matters were disposed of and finally Mr. Rapp seconded by Member Duncan moved the board adjourn. Mrs. Pierson then called attention to action at the previous meeting at which a special committee was appointed to make a report on the appointment of five teachers. She was of the opinion that something should be done. Mrs. Brockman voiced the same sentiment and said it was a most unjust thing to delay the matter of appointments.

After a lot of informal discussion in which the president permitted the various members to air their opinions a vote was taken on the motion to adjourn and resulted in a tie. President Lippincott voted in the negative and declared the motion lost.

### Certain Claims Allowed.

Claims presented by R. L. Pyatt and Miss Louise Baumann for services to the board after March 1st were presented and the board voted not to allow the claims.

Mr. Rapp moved that all election claims, including those of judges and clerks be referred to the finance committee to investigate and report. The motion carried.

The claim of R. A. Gates for \$143.44 for making an investigation of the finances of the school was allowed. Also a claim of Miss Bea Ellis for \$67.30 for making copies of the same was allowed.

The buildings and grounds committee reported the carrying out of recommendations of the fire marshal in the various buildings. This included the installation of gongs and the rearranging of the seats in the David Prince school.

### Insurance Suggestions.

Mr. Hopper suggested that the insurance on the school buildings be so apportioned that all of the premiums would not fall due in the same year. The matter was referred to the finance committee.

Dr. Black moved that the finance committee and all other committees be instructed that the general expenses of the year are not to exceed \$75,000 which must include interest and \$5,000 for sinking fund. And that they present a budget at the next regular meeting. The motion was seconded by Mr. Rapp and carried.

The matter of taking a school census was referred to the president, secretary and superintendent.

Dr. Duncan brought up the matter of a system of bookkeeping which would show the liabilities as well as the assets of the board. Mr. Roderson suggested that such a system would be a big job on the secretary of the board. The question of a method of bookkeeping was referred to the finance committee with power to act.

The matter of advertising for school supplies was deferred until the regular meeting August 7.

**To Prepare Superintendent's Office**  
Superintendent Perrin suggested that steps be taken at once to prepare his office for occupancy and also fix a room for the board with suitable furniture and a room for the principal. The matter was referred to the superintendent and buildings and grounds committee with power to act on motion of Dr. Duncan.

Superintendent Perrin also asked that the stenographer be requested to report for duty next Tuesday and that an electric fan be secured for the office. In the matter of bids for printing the rules and regulations of the board the superintendent was instructed to get bids by the next regular meeting.

On motion of Mr. Rogerson the salary of the stenographer was fixed at \$50 per month.

At this point Mr. Rapp made his motion to adjourn which was seconded by Dr. Duncan.

Mrs. Pierson said that at the last meeting a special committee was appointed to take up the appointment of five teachers. She thought something should be done so that the teachers would know what they were going to do.

### Committee Not Ready To Report

Dr. Black said that the committee was not ready to make a report. He said that it had been impossible to do anything until the budget was fixed so that the committee would know just what money was available for salaries.

Mrs. Brockman thought that it was most unjust to delay in making appointments.

"What are you going to do with these teachers. Wait until school begins and throw them down altogether and not give them an opportunity to secure other positions," asked Mr. Rogerson.

Mrs. Pierson moved that the board proceed to take action on the appointment of the five teachers. Mr. Hopper offered second.

Letters Commend Miss Brown  
There was more discussion in which all of the members took part. The secretary also read letters from

Former Superintendent Furr and Former Principal Stoops to Mr. Rogerson highly praising Miss Anna G. Brown's work.

"After the reading of the letters Dr. Black said that of the five applicants only Miss Brown had solicited her friends to write letters to members of the board. "The other applicants," said Dr. Black "had not tried to force the hand of the committee."

"I can understand the tendency," said Mrs. Pierson, "on the part of certain members of the board to cut down teacher's salaries. It is not the fault of the teachers that the board had become involved in the present situation and the burden should not fall on them."

**Salary Ours Opposed.**  
"I want to go on record," said Mrs. Pierson, "as being opposed to cutting down the salaries of teachers to make up the deficit of the board. We have a new superintendent taking up his duties and we should give him every advantage to make a success of the schools and give him teachers to support him. The board should get down to business, fix salaries and appoint these five teachers."

Dr. Duncan said he wanted it thoroughly understood that he was not in favor of cutting down salaries but that the committee could not act intelligently on the matter without the budget being fixed.

The motion to adjourn was then put and the President declared the motion lost. Member Rapp asked for a roll call and the vote was as follows: Black, Duncan, Muchhausen, Rapp, says 4.

Brockman, Hopper, Pierson, Rogerson, says, 4.

President Lippincott voted in the negative and declared the motion lost.

After the motion was lost the members discussed the matter informally for some time. During this discussion Dr. Duncan asked to be excused and his request was granted.

President Lippincott finally decided that if any action was taken a motion should be made to proceed with the appointment of teachers. No motion was made and a motion to adjourn was made and carried.

## Only \$1 Puts This New Hoosier In Your Home on the Famous Hoosier Plan

Prices Will Advance When this Allotment Is Gone.

Before the coming prices take effect, you may choose between the new "Hoosier Wonder" pictured here or one of the other celebrated Hoosiers—"Hoosier Beauty," "Hoosier Special" or "Hoosier De Luxe."

The terms of this Hoosier Plan in our store are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is conducted under the direct supervision of the Hoosier Company.

Only by grasping this opportunity at once can you be sure of getting your cabinet on the Hoosier Plan—and at the present low prices.

You realize of course that these terms could not be offered except on a very limited number of cabinets.

**WHY PRICES MUST BE INCREASED.**

50,000 cabinets—the entire spring output of the Hoosier factory—were sold in six weeks after they announced their new models. In some

cities women have been unable for several months to get this most popular style.

Now the factory has made up 20,000 more for July and August sales. The next lot, after these are gone, must be sold at higher prices. This is due to the increased cost of all raw material entering into their manufacture.

**OUR SALE MAY CLOSE ANY DAY**

If all the women who need the Hoosier should come for it tomorrow, our full allotment of Hoosier Cabinets would be taken before night and the sale would close. This happened in some towns during a similar sale two years ago. Yet, if women delay, the sale may last a week or more. But which now is best for you—to take chances and miss this opportunity, or come to our store tomorrow so you can find out about this cabinet and decide before too late?

### PREPARATIONS IN PROGRESS FOR M. E. CONFERENCE

Reports of Important Committees Will Be Presented at Springfield—Bishop Wilson to Preside.

The ninety-third annual session of the M. E. church which is to be held in Springfield is only about a month distant, as the opening session will be September 5. As a result, various committees which must make report then are busy with their work. The organization in charge of raising a fund of \$1,250,000 for educational purposes has not secured this sum but special efforts will be put forth to have a satisfactory report by the time conference convenes. Bishop Luther B. Wilson of New York will preside at both the conference and cabinet sessions and it is expected that Bishop Thomas Nicholson of Chicago will be present.

As previously announced, one of the notable features of the conference will be the daily talks by Dr. J. Wilbur Chapman, the famous evangelist. Another fund on which a satisfactory report is expected is that for the aid of retired preachers. A committee was appointed at a previous conference to endeavor to raise a fund of \$500,000 for this work and one-half of this sum is now available. When the necrology service is held mention will be made of a number of well known ministers who have passed away during the past year. The list will include Rev. Preston Wood, formerly of Springfield; Rev. Robert Stephens, who died at Danville, and Rev. B. D. Wiley.

The light weight underwear for men sold by FRANK BYRNS Hat Store is light in price also.

### MORE FATAL THAN INFANTILE PARALYSIS.

Dr. Emerson, commissioner of health of New York City, has pointed out that during the first six months of 1916 fifteen times as many children had died of diarrhoea in that city as many of measles, ten times as many of diphtheria and four times as many of whooping cough. Childhood has long been saddled with these diseases, and many parents think they are necessary evils inseparably connected with childhood. But scientists long ago have determined that they are unnecessary diseases which do vast damage and leave their traces to shorten life.

Mr. Charles was in the car and another car struck the car in which he was working causing about two hundred pounds of paper to fall upon him. He was taken to his home and Dr. Lyons was called and necessary medical attention was given. No bones were broken and at latest reports he was resting easy.

Now is a good time to buy a Panama Hat of FRANK BYRNS Hat Store, prices will be higher no doubt.

### PLEASANT PARTY GIVEN AT HOME OF MISS BROCKHOUSE

Novelty Shower With Miss Helena Sieving as Guest of Honor—The Guest List.

Chapin, July 28—A novelty shower was given for Miss Helena Sieving on Friday afternoon at the pleasant home of Miss Esther Brockhouse three miles north of Chapin. Miss Sieving is the eldest daughter of Rev. and Mrs. J. H. Sieving and is a young lady of charming personality and has a wide circle of friends, especially in the vicinity of the Lutheran church northwest of Chapin.

### STAR GOLFERS OF MANY CLUBS WILL VISIT GALESBURG

Three-Day Tournament is Open to All—"Chick" Evans Coming—Tennis Courts Invite Visitors.

Eyes of the golf and tennis world of the central west will be turned upon Galesburg August 3-4-5, when the Soangetaha club presents its first annual invitation golf tournament.

The most spectacular golfer will be "Chick" Evans of Chicago, who will play special exhibition matches as well as compete in the regular events. Besides Evans there are numerous other stars entered. The Philadelphia country club will send a representative and entries in golf from Burlington, Canton, Keokuk, Kewanee, Quincy, Peoria, Abingdon, Danville, Bloomington, Decatur, Chicago, Springfield, Dixon, and other country clubs have been received. No entrance fee is being charged in the golf events. Chairman George Craig, of the Sports and Pastimes committee, will be ready to receive the names of players anytime up to 8 a. m., August 3.

The links are in splendid shape at present, although rain would improve them. They are fast and the turf is in nice condition.

George M. Donnelly of the Golf Shop, Chicago, has been chosen official starter.

Robert Switzer, Chick Weems and A. R. Stillwell of Quincy will arrive in Galesburg Saturday night and practice the course Sunday, preparatory to entering the tournament.

Now is a good time to buy a Panama Hat of FRANK BYRNS Hat Store, prices will be higher no doubt.

### DR. AND MRS. CROUCH WILL RETURN TO CITY

Dr. and Mrs. E. L. Crouch, who for the past year have been in southern California where Dr. Crouch has been manager of a sanatorium, will return to this city to make their home. They will leave about Aug. 1, going first to Denver, Colo., for a visit with relatives and arriving in Jacksonville by Sept. 1.

### SOUTH SANDY STREET SEWER COMPLETED YESTERDAY

Difficult Work Because Sewer Constantly In Use—Will Relieve Troublesome Condition.

The work of constructing the sewer on South Sandy street was completed Friday afternoon. For several weeks Commissioner Cox has had a force of men busy on this very difficult piece of underground work. The sewer had caused continual trouble, having been clogged at numerous times with seepage from the gas plant. The sewer now has a much larger outlet than before and a large settling basin in addition, which it is believed will remedy the trouble of the past and also carry off the surface water which has been a source of annoyance to residents on Anna street and Sandy street.

If there should be any further trouble Superintendent Gray of the Railway & Light company has agreed to install a catch basin on the light company's property. The work of constructing the sewer has been very difficult. It is 9 feet below the surface and it has been necessary to use the sewer all the time that the construction work was in progress. This fact seriously impeded the men and also made their work exceedingly disagreeable. Commissioner Cox was naturally pleased yesterday that the work was finished, because of the relief he believed it will give and for the further reason that it was now possible to use the men he has had there for other classes of work.

### BECOMES A RESIDENT HERE

George Baumer and wife of St. Louis will probably locate in this city as a result of a classified ad in the Journal. They were visiting Mr. Baumer's sister, Mrs. C. W. Cornick and noticed an ad for a first class mechanic. Mr. Baumer inquired and is now at the head of the machine work at the O'Donnell garage. He has had wide experience, having been mechanic for Tony Janus, the famous aviator, and was with him when he made many of his long distance flights. He has also held a responsible position with the Cadillac company.

### HOME FROM SOUTH

Miss Bessie Russell, of Caldwell street, returned Friday morning from a vacation visit to Asheville, N. C. She was there at the time of the recent great storm and overflow, and her train had to be routed around, out of the region affected by the freshet.

### S. W. CLARK OF GLASGOW DROWNS IN BIG SANDY CREEK

Meets Death While on Fishing Trip—Death of Mrs. Anna Smock—Gray-Andell Wedding Solemnized in Kansas City.

Winchester, Ill., July 28.—James W. Clark, a prominent resident of the Glasgow community, met death by drowning Friday forenoon at the mouth of Big Sandy creek. Mr. Clark, in company with Robert and William McCarty had gone to the creek to fish and it was while attempting to cross the stream at its mouth that Mr. Clark ventured beyond his depth and sank with but little warning. His companions were in a boat but could not reach the body until life was extinct.

Mr. Clark was about thirty five years of age and leaves a widow and four children. He was a member of the Baptist church and of the Improved Order of Red Men. Two years ago he made the race for county commissioner on the Republican ticket but was defeated by W. J. Clark of Manchester. Mr. Clark enjoyed a wide circle of acquaintance and stood high in the respect of all.

Funeral announcements will be made later.

### Smock Funeral Friday.

The funeral of Mrs. Anna Smock was held Friday afternoon from the family home near Alsey. Mrs. Smock died at 6:30 o'clock Wednesday evening, death coming on her eightieth birthday. Her husband survives. Mrs. Smock was one of the oldest residents of Scott county and her passing was noted with regret as she had won the confidence of friends in large number in the course of a life of signal usefulness.

John Sybrant of Rock Island has completed a visit with Jacksonville relatives and is a guest at the home of Henry Higgins.

Miss Mildred Burns of Winchester, accompanied by her aunt, Miss Margaret Welch of White Hall, left for Kansas City Friday night and will spend several days there with friends. They took the train at White Hall.

Miss Lella Smithson left Friday for Brighton to visit her sister, Mrs. Keith Peake, and Mr. Peake.

### Still Hot and Dry.

Keeping cool is one of the favorite occupations these dry and dusty days. Soda fountains have done a rushing business and the consumption of ice cream, etc., has increased with the rise of the mercury. A number of citizens have recently installed city water and W. S. Roosa, water commissioner, has had more than usually heavy duties.

Miss Leah Cowper left Friday for a visit with friends in Roadhouse. Miss Edith Young arrived Friday afternoon after a visit in Chicago and Galesburg and for a few days will be at the home of her uncle and aunt, Mr. and Mrs. George Claywell. From here she will proceed to her home in St. Louis.

Mr. and Mrs. Ray Smith are here from Concord for a visit with Mrs. Smith's parents, Mr. and Mrs. William Coumas.

Miss Opal Welch has as her guest Miss Louise Moore of Bluffs.

### Gray-Andell Wedding.

From Kansas City comes word of the marriage of William Gray and Miss Mayme Andell, both of this place, which took place Monday, July 24. The bride is the daughter of Mr. and Mrs. James Andell and has been employed in the office of the Winchester Times. The groom is the son of Mrs. Thomas Gray of Merritt and for the past few years has been employed in the barber shop of C. N. Mader.

### FINED ON CONSPIRACY CHARGE

According to a Chicago paper Abe Shapiro, at one time manager of the Chatterton opera house in Springfield, and Jack LaBow were fined \$3,000 in Chicago court on the charge of conspiracy, and operating a confidence game. The men, it is alleged, had promised a number of resort keepers immunity from the police for the payment of a stipulated sum each month. When the promised protection was not given the plot was exposed and the arrests followed.
